

Maintenance Stage

What to Expect. In this stage, implementation of activities and projects begins. Members learn to deal with power distribution and resource allocation. Group can take on more challenges as trust and competence builds. Coalition becomes more visible in community. Goals and strategies are continuously refined. Strategy. Coalition is fully established - strategy is to expand and diversify.

Structure. Structure is developed and coalition is full partner with other organizations. Regular progress reports appear; engagement of membership is priority; planned activities expand; and communication network fully operational. Intermediate outcomes achieved.
